

PDF Stamp Studio Demo Document

STAMP TEST AREA

Purpose

TOP LEFT

TOP CENTER

TOP RIGHT

This sample PDF is designed for testing a client-side PDF stamping application. Use it to verify text stamps, image stamps, opacity, rotation and placement presets. The dashed boxes mark useful visual positions for drag-and-drop coordinate testing.

CENTER

Suggested tests

1. Add a text stamp at top center.
2. Add an image stamp at bottom right.
3. Export with every-page stamping.
